President's Message

My Fellow Bowlers:

Our Association has attained an enviable position in our Sport; it has shown a progressive development from year to year; it has waxed strong in a united membership, and it has made itself felt in the council of our national organization. We will maintain that position.

Additional advantages and benefits are planned for the individual bowler, be he of top two-hundred (180 and over), or of the other 6,000. Each and every League should be represented on the Board of Directors by an active, enthusiastic and progressive bowler.

I appreciate the co-operation and financial support given by the San Francisco Proprietors' organization in the hospitality provided our visitors to and officials of the American Bowling Congress. May this prove to be the harbinger of closer relations between our two organizations.

Present tournaments, with rare exceptions, cater to the top-bracket bowlers. Our membership consists of 1400 bowlers averaging under 140, 1200 ranging between 140 and 150, with another 1300 under 160. Tournament play should be encouraged in the lower brackets, particularly 145 and under. The newspapers and proprietors in general are performing a valuable contribution to bowling in the conduct of their respective tournaments.

The Traveling Leagues are to be congratulated in the *united position* recently taken by them, proving again that "In Union there is Strength."

I respectfully solicit your co-operation, suggestions and whole-hearted support.

Sincerely,

HALSEY H. FINK.

AMERICAN BOWLING CONGRESS

"CREED"

- We of the American Bowling Congress are justly proud of our organization and of our great game of American tenpins.
- We are jealous of the spotless reputation our sport enjoys and of the part the American Bowling Congress is playing in building tenpin bowling into the greatest and most highly-respected of all types of athletic endeavor.
- We are gratified that our efforts have led to the almost universal adoption of tenpin bowling as the recreational standard of church, industrial, fraternal and educational institutions and of the vast public in general.
- We are grateful to the countless thousands upon thousands who have made tenpin bowling their favorite pastime and who have, by their fine sportsmanship and consideration of others, helped to maintain a strict code of morals which is a tribute to them and to bowling.
- We pledge to our game and to our organization the perpetual best there is in us to further the interests of all bowlers everywhere, to abide by the rules of organized tenpin bowling which the American Bowling Congress, through its great membership establishes, and to cherish and protect from disrepute the game we have taken to ourselves as our own.

Our Sponsors

There are many ways in which league members can let their sponsors know that they appreciate his interest in bowling. If you have occasion to do business with a merchant who has sponsored a team in your league, let him know that you are giving him your patronage because he helped to make your league possible. Make a practice of keeping in touch with your sponsor. Let him know how the team is going; how many games you have won. Invite him down to watch you bowl; let him get acquainted with the members of the team and make him feel that you want him to have a personal interest in the team and its progress.

AVERAGES
of the
MEMBERS OF THE SAN FRANCISCO BOWLING ASSOCIATION

N. B. The averages herein are to be used for the 1947-1948 Season. They are a combined average of all sanctioned leagues that the various bowlers participated in during the past Winter Season 1946-1947. The average to the LEFT of the player's name is his highest average which will apply to all tournaments held throughout the entire State.

FIVE PIN RULE

A bowler bowling in one or more sanctioned leagues cannot lose more than five pins for his highest league average: Example—J. Smith bowls in "A" League and establishes an average of 187 for 78 games; he also bowls in "B" League and has an average of 178 for 75 games which when combined is an 181 average which is not permissable, so he must use 182 as his official average which is five pins less than his highest average. A bowler cannot drop his average more than five pins in any one years: Example—J. Smith has an official average of 175 at the start of the season and bowls a 168 average the current year. He will be rerated at 170 which is a five pin drop from his previous average.

Uuummmm! GOOD!

It's a fact that's fundamental
That you may wax sentimental
Over ice cream, nuts or candy you buy here,
All so droolingly deelicious,
All so rich and so nutritious
That folks all come to Shaw's from far and near.

If you would like to munch
On rich chocolate almond crunch,
That's an ice cream flavor. Is it good? Oh boy!
Wonderful . . . there is no doubt
Sundaes, milkshakes to take out
We've the filling for your sweet tooth you'll enjoy!

Things Not Mentioned in a Printing Bid

There are many essentials to better printing service which cannot be priced in actual dollars, and yet they mean much to the buyer of printing.

For instance, there is no charge in our estimates for Experience—and this certainly is important! Likewise, our estimates do not mention such essentials as:

Pride in workmanship
Reputation for good printing
Care given to details
Record of keeping promises
Reliability in meeting delivery dates
Co-operative, intelligent service

All these are important in saving you time and money. They are necessarily a part of better printing service.

You can be certain of receiving all of these factors by calling The McDougall Press first.
